

Citibank has streamlined its account-opening process exclusively for HK-registered new start-up technology companies, enabling them to set up a basic bank account more easily. Clients can enjoy the following services upon the opening an account:

- Consolidated account with Checking, Statement Savings and Currency Manager
- Convenient payments via FPS (Faster Payment System), CHATS, Telegraphic Transfer, Citibank Global Transfer and bill payments
- A variety of insurance products to help your business build sustainability when unanticipated events occur
- A wide range of investment products that suit your needs

Streamlined account-opening process is applicable to new start-up technology companies registered in Hong Kong. Except for a one-off charge for setting up the account, there is no maintenance fee for an account opened through this process.

To ensure your accounts and needs are handled by staff who have specialized knowledge, clients who are interested in applying can approach our CitiBusiness Center (Mongkok Branch) or reach out to the contacts below for enquiries or to make an appointment.
