- Less than 25%
- Between 25% and 50%
- More than 50%

8) Which of the following statements best describes your investment objectives for the account(s) in this relationship?

- Capital Preservation - A preference for preservation / relative safety of invested capital with returns in line with short-term money market rates.
- Defensive - A preference for preservation of capital and the generation of regular income slightly above short-term money market rates.
- Income Oriented - A preference for investments primarily intended to generate income rather than achieve appreciation of capital.
- Income & Growth - A preference for investments or investment strategies that aim to provide a balance of income and capital appreciation.
- Growth Oriented - A preference for investments or investment strategies that typically aim to provide mostly capital appreciation with less emphasis on regular income returns.
- High Growth - A preference for investments or investment strategies that seek exclusively to provide aggressive capital appreciation over time.
- Market Speculation - A preference for investments or trading strategies that seek exclusively to provide aggressive capital appreciation through exploiting short-term pricing anomalies among financial assets.

9) Which of the following statements best describes the amount of risk fluctuation you will tolerate in the value of your investments?

- Safety Oriented - Investors who hope to experience minimal fluctuations in portfolio value over a rolling one year period and are generally only willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) at a price close to the recently observed market value.
- Conservative - Investors who hope to experience no more than small portfolio losses over a rolling one-year period and are generally only willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) although the investor may at times buy individual investments that entail greater risk.
- Moderate - Investors who hope to experience no more than moderate portfolio losses over a rolling one year period in attempting to enhance longer-term performance and are generally willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) in stable markets although the investor may at times buy individual investments that entail greater risk and are less liquid.
- Aggressive - Investors who are prepared to accept greater portfolio losses over a rolling one year period while attempting to enhance longer-term performance and are willing to buy investments or enter into contracts that may be difficult to sell or close within a short time-frame or have an uncertain realizable value at any given time.
- Very Aggressive - Investors who are prepared to accept large portfolio losses up to the value of their entire portfolio over a one year period and are generally willing to buy investments or enter into contracts that may be difficult to sell or close for an extended period or have an uncertain realizable value at any given time.
- Most Aggressive - Investors who are prepared to put their entire portfolio at risk over a one year period, and may even be required to provide additional capital to make up for portfolio losses beyond the amount initially invested, are generally willing to buy investments or enter into contracts that may be difficult to sell or close for an extended period or have an uncertain realizable value at any given time.

10) Describe your investment knowledge and experience:

- Limited - I have little or no knowledge of investments outside of savings accounts or time deposits.
- Moderate - I have general knowledge and understanding of investments that aren't savings accounts or time deposits, and I'm aware of the general risks related to investing.
- Extensive - I have extensive knowledge and understanding of investments, and I'm experienced enough to make my own investment decisions

Your Investor Profile

Based on your answers to all the risk capacity and risk attitude questions, you have been assigned to the following Investor Rating:

Important to Note

Most retail products are of risk rating 1 to 4. Retail leveraged products are of risk rating 5. Other products of risk rating 5 or 6 are available to Professional Investors only.

Investments are not bank deposits. They are not obligations of, or guaranteed or insured by Citibank (Hong Kong) Limited, Citibank N.A., Citigroup Inc., or any of our linked companies or subsidiaries, or any local government or insurance agency, unless we specifically tell you that they are. Investments involve risks, and you could lose your original investment. Past performance is not an indication of future results and prices can go up or down. If you invest in products held in non-local currency, you should be aware that changes in the exchange rate may cause you to lose your original investment when the foreign currency is converted back to your home currency. Investments are not available to U.S. persons. All applications for Investment Products are subject to specific Terms and Conditions of the individual products.

The information provided in this risk profiling exercise may be used by Citibank (Hong Kong) Limited for marketing and other purposes as set forth in the Policy Statement relating to the Personal Data (Privacy) Ordinance. Details of the Policy Statement are available at any Citibank branches or our website at www.citibank.com.hk.
